

The Lost Phone 🤪

by David

Last summer, my friends and I went to a camp.

It was a beautiful place, but it sat right next to a very large, dark forest.

Have you ever
been to a
summer camp?

**In the evening, we wanted
to explore the countryside
before dinner.**

What is your
favorite thing to
do before dinner?

We left the camp and
went into the dark forest.

Deep in the shadows,
we noticed something
strange.

Can you spot
what is glowing
in the dark?

We found a mobile phone!

Suddenly, we were very scared.

We looked into the shadows because we thought there was a person hiding there.

What would you do
if you felt scared
in the dark?

We decided to be brave and took the mobile phone to the police station.

We knew it was the right thing to do, even though we were still a little scared.

**Inside the station, it
was bright and safe.**

Who helps you when
you need to find
something?

There was a man at the station looking for a mobile phone.

It turned out to be his phone!

**We gave it to him and
everything was fine.**

We walked back to camp feeling proud, just in time for dinner.

What do you think they ate for dinner?
